

Strut your Skills...

and enter to win a \$500 prize

CARS Essential Skills Project

Exclusive Offer - The Canadian Automotive Repair and Service (CARS) Council is inviting 700 people to take part in a study to measure the oral communication and problem solving abilities of workers in the automotive industry. And... we would like you to be part of the study.

Tell me more - The assessment takes less than an hour and can be completed on-line or on paper and includes a short telephone interview. Your assessment results are used for research purposes only and will not be shared with anyone.

What's this about a prize? Everyone who participates is eligible to win an Ipod® (valued up to \$500) or \$500 towards the purchase of tools.

Call or email today for more information or to book your session.
