# Canadian Collision Industry Forum

## Registration Form

**Register now for the CCIF Meeting at the Marriott Toronto Airport Hotel on Saturday, January 15<sup>th</sup>, 2005**

It's time again for all those who want to run successful and profitable businesses in the Canadian collision repair industry to gather for the next CCIF meeting in Toronto, on January 15<sup>th</sup>. CCIF meetings are open to all who want to be part of the solution to the issues affecting our industry and affecting them as individual business owners. This includes collision repairers, insurers, trainers, suppliers, wholesalers, service providers and trade associations.

The great thing about CCIF meetings is that everyone has the opportunity to participate. First you'll hear reports from the committees that are working on issues like, "how to attract young people into the collision repair industry, reducing cycle times and the use of aftermarket, recycled and OEM parts."

Then you'll be able to join the break-out group of your choice and bring your thoughts and ideas to the table. This will result in some clear actions for CCIF to work on in the coming months, whether it be developing guidelines on the use of parts, defining training needs or creating programs for attracting young people into the industry.

By sharing views and communicating ideas in a non-confrontational forum, you'll learn and expand the knowledge and vision you need to keep your business successful and profitable.

**Just complete this registration form and fax it to Pam Bryan at CCIF – Fax: 905 726 9038**

Registration fee: \$65 per person - includes meeting attendance, breakfast, lunch and reception
